

Compumatica environmental policy statement

Compumatica secure networks is committed to leading the industry in minimizing the impact of its activities on the environment.

The key points of Compumatica's strategy to achieve this are:

- Minimizing waste by evaluating operations and ensuring they are as efficient as possible.
- Minimizing toxic emissions through the selection and use of its fleet and the source of its power requirement.
- Actively promoting recycling both internally and amongst its customers and suppliers.
- Sourcing and promoting a product range to minimize the environmental impact of both production and distribution.
- Meeting or exceeding all environmental legislation requirements that relate to the company.
- Developing excellent products to secure the knowledge of our customers.
